**DAV PUBLIC SCHOOLS, JHARKHAND ZONE**  
**SYLLABUS : 2025-2026**  
**SUBJECT : SCIENCE**

**TERM - 1 (APRIL - SEPTEMBER)**

Month	TOPIC	ACTIVITY
April	<p><b>The Cell Its structure and functions</b>  Discovery and variation of cell, Parts of cell, Level of organisation, Comparison between plant and animal cell, Exercise</p> <p><b>Ch. Sources of Energy</b>  Classification, fossile fuels, wood, coal, Destructive distillation and products, petroleum, products and their uses, Natural gas, cleaner fuels.</p> <p><b>Ch.-Force and Pressure</b>  Force and its effects, Types of force, Pressure and its application, Liquid pressure and its properties Atmospheric pressure, Variation in air pressure, Importance of air pressure.</p>	<p>identify plant and animal cell.  Prepare a well labelled diagram of plant cell, animal cell, cheek and onion peel cell.</p> <p>show an activity related alternate source of energy.</p> <p>Show an activity  a) An increase in area reduces pressure  b) A decrease in area increase pressure</p> <p>To show liquid pressure increases with depth and is transmitted equally in all directions.</p>
May	<p><b>Ch.- Friction</b>  Friction and its cause, Factors affecting friction, Types of friction, Fluid friction</p> <p>Friction - A necessity  Friction - An evil  Increasing and reducing friction</p>	<p>To show force of friction increase with increase in the weight of the body.</p>

# CLASS-VIII

June	<p><b>Ch.Combustion</b></p> <p>Combustion and combustable substance type of combustion, fire control, Flame, Fuel-characteristics and effects</p> <p><b>Ch. Microorganisms</b> : Friends or Foes Types of microorganisms, Virus, Microorganism as friend and foe, poisoning, Food Preservation</p>	<p>Activity</p> <p>To show the innermost zone contains vapour and luminous zone. contain unburnt carbon particle</p> <p>Sampling of different micro- organisms including amoeba. Spirogyra, paramecium, bread mould using slides or photographs</p>
July	<p><b>Ch. Metals and Non-Metals</b></p> <p>Classification and occurrence of metal Metallurgy. Physical and Chemical Properties. Ractivity, Series and displacement reaction, Noble metals Uses of metal and non-metal, Alloy</p> <p><b>**Ch.- Earthquake</b> Effect and cause of earthquake, Predicting and measuring earthquake, Safety Precautions.</p> <p><b>**Ch. - Crop Production and its management</b> Agricultural practices, Crop improvement</p>	<p>To show the nature of metallic and non metallic oxide. To show displacement reaction</p>
August	<p><b>Ch. Electric Current and its Chemical Effect</b> Conduction through liquid, cause of conductivity, voltaic cell chemical effects and its application. Faraday's discovery, Electromagnetic induction</p> <p><b>**Ch.- Conservation of plants and animals</b> Consequences of deforestation, Conservation of forest and wildlife flora and fauna, Endemic species, migration. forestation.</p> <p><b>**Ch. Pollution of Air</b></p> <p>Air pollution, causes effects and prevention, Acid rain, Green House effect, Global Warming</p>	<p>1. To differentiate between good and poor conductor from different liquid sample.</p> <p>2. to demonstrate electrolysis of water.</p>
September	HALF YEARLY EXAM	
October	<p><b>Ch. - Refraction and Dispersion of Light</b></p> <p><b>Refraction</b>-Its Cause, Refractive Index, Refraction by glass slab, dispersion by prism, Spherical lens - image formation and application.</p>	<p>1. To observe refraction of light through glass slab.</p> <p>2. To observe dispersion of</p>

## CLASS-VIII

	<p><b>Ch. Reproduction in Animals</b> Reproduction asexual and sexual, reproductive pattern, reproductive system, fertilisation, development of embryo, reproduction in hens and frog</p> <p><b>Ch. - The Human Eye</b> Structure and function of various parts of human eye, working of human eye, defects of vision, visually challenged person and Braille Script</p>	<p>light through glass prism.</p> <p>To identify different modes of sexual reproduction.</p> <p>Model of Human eye using waste material</p>
November	<p><b>**Ch. Star and Solar System</b></p> <p>Galaxy, Star, Constellation, Moon-phases and surface The solar system, minor bodies, artificial satellite and its application</p> <p><b>**Ch-Water Pollution</b></p> <p>Cause, potable water purification, treatment of sewage and Industrial waste, conversion of water.</p> <p><b>Ch. Reaching the age of adolescence</b> Adolescence and puberty, sexual development, sex determination, endocrine system, reproductive health</p>	<p>Model on celestial objects.</p>
December	<p><b>Ch. Sound</b> Sound and Vibrations, Sound produced by humans, Sound produced by animals, Propagation of sound. Light propagates faster than sound, Amplitudes, time period and frequency of a vibration. <b>Characteristics of Sound :</b> Audible and inaudible sounds. Noise and music Noise Pollution, Source and effect, limiting noise pollution, Hearing impairment</p> <p><b>Ch. Synthetic Fibres and Plastics</b> Natural fibres and synthetics fibres (Rayon or Artificial silk Nylon, Terylene, polythene tetrathalate and acrylic fibres) Advantages and disadvantages of synthetic fibres, Plastics, Characteristics of synthetic Plastics, types of synthetic plastics, Thermosetting, Thermoplastics, Plastics and the Environment Damage caused by Plastic waste Measure to control the damage caused by plastic waste.</p>	<p>Show through diagram Sound produced by humans.</p> <p>Make a chart on Thermosetting &amp; Thermoplastics.</p>
JANUARY	PRE-BOARD	
FEBRUARY	<p>ANNUAL EXAM</p> <p><b>** For Internal assessment only.</b></p>	

**DAV PUBLIC SCHOOLS, JHARKHAND ZONE**  
**SYLLABUS : 2025-2026**  
**SUBJECT : SOCIAL SCIENCE**

Month	Name of Chapter	Activity
April	(Geography) Ch. 1 Resources Utilisation and Development (History) Ch. 8: The modern Period Ch. 18: Our Constitution	1.Impact of resources on development on human beings 2.Prepare popular slogan of freedom struggle of India 3.Prepare a chart of features of Indian constitution
May	(Geography) Ch.2 – Natural resources Land Soil and Water  (History) Ch. 9-Establishment of company rule in India	1.Importance of land, soil and water  1.Write about the Chipko Movement  2.Tabular chart of Camatic, Anglo-Maratha, Anglo-Mysore war
June	(Civics) Ch. 17 Fundamental Rights, Duties and Directive Principal of State Policy	4. Make a list of Fundamental Duties and Rights.
July	Ch. 4 - Minerals & Energy resources (History) Ch. 1 O Colonialism -Rural & Tribal Societies (Civics) Ch. 18 -The Union Government - The Legislature	Project only  Various land revenue system introduced by East India Company  Collect information about Union Government and list of subjects
August	(Geography) Ch. 5 - Agriculture  (History) Ch. 11 - The First war of Independence	Suggest some measure to improve the condition of farmers. Collect the picture of Heroes of First

Month	Name of Chapter	Activity
	(History) Chp. 12 Impact of British Rule on India  (Civics) Ch. 19 The Union Government- The Executive	war of independence Project only  Procedure of election of President of India
September	<b>HALF YEARLY EXAM</b>	

# CLASS-VIII

October	(History) Ch. 13 Colonialism and Urban changes (For Period Test Only) (Civics) Ch. 20 The Union Government- The Judiciary (Civics)	Locate the major industrial regions of India  Highlight the examples of town planning done by British in Delhi  Explore about two PIL cases that changed our lives  Study the case of 'Shompens' tribal of India Project only
November	(Geography) Ch. 7 Human Resources (History) Ch. 14 The Nationalist Movement	Collect information a_bout age structure, Literacy rate of India  Prepare a chart of important session of Indian National Congress  Suggest three ways that can make 'Swachh Bharat Mission' successful
